Semester 2

Residential - Future Living Space

Background

In this project, we were asked to design a space for living in a designated site containing a small household of 1-2 persons (pet optional) with specific culture background. A design concept of innovative living and spatial experiences for the client and users should be developed instead of just typical conventional tenement.

Site

S606-608 & S706, Block A, PMQ,
35 Aberdeen St., Central,
Hong Kong

Semester 3

Commercial - Pet Centre

Background

Hooment is a large pet-friendly store in the west of the New Territories. The objective of this collaboration project is to revitalize and upgrade the store by re-think, re-design and introduce innovative and pet-friendly programs/activities to the interior space.

Semester 4

Commercial - Concept Store

Background

In this project, we were asked to design a concept store for ONE of the following brands, with a focus on creating a store that reflects the brand's values and is tailored to suit the needs and preferences of Gen Z customers.

Site

Graduation Project

Hospitality - Wedding Facility

Background

Designing a wedding facility in Hong Kong addresses space constraints, cultural exchange, and affordability. Amidst urbanization challenges, the project aims to offer couples a dedicated, inclusive space reflecting diverse traditions while providing affordable options. It's a fusion of culture, sustainability, and love in a bustling urban landscape.
